

ORDINANCE NO. 2006-81

AN ORDINANCE OF THE COUNTY OF ST. JOHNS, STATE OF FLORIDA, ESTABLISHING THE GLEN ST. JOHNS COMMUNITY DEVELOPMENT DISTRICT PURSUANT TO CHAPTER 190, FLORIDA STATUTES (2005); NAMING THE DISTRICT; DESCRIBING THE EXTERNAL BOUNDARIES OF THE DISTRICT; DESCRIBING THE FUNCTIONS AND POWERS OF THE DISTRICT; DESIGNATING FIVE PERSONS TO SERVE AS THE INITIAL MEMBERS OF THE DISTRICT'S BOARD OF SUPERVISORS; PROVIDING A SEVERABILITY CLAUSE; AND PROVIDING AN EFFECTIVE DATE.

BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF ST. JOHNS COUNTY, FLORIDA:

RECITALS

WHEREAS, D.R. Horton, Inc. - Jacksonville ("Petitioner"), having obtained written consent to the establishment of the District by the owner of 100 percent (100%) of the real property to be included in the District, petitioned the St. Johns County Board of Commissioners (the "County") to adopt an ordinance establishing the Glen St. Johns Community Development District (the "District") pursuant to Chapter 190, Florida Statutes (2005); and

WHEREAS, Petitioner is a foreign corporation, authorized to conduct business in the State of Florida; and

WHEREAS, all interested persons and affected units of general-purpose local government were afforded an opportunity to present oral and written comments on the Petition at a duly noticed public hearing conducted by the County on July 11, 2006; and

WHEREAS, upon consideration of the record established at that hearing, the County determined that the statements within the Petition were true and correct, that the establishment of the District is not inconsistent with any applicable element or portion of the state comprehensive plan or the local government comprehensive plan, that the land within the District is of sufficient size, is sufficiently compact and sufficiently contiguous to be developable as a functionally interrelated community, that the District is the best alternative available for delivering community development services and facilities to the area served by the District, that the services and facilities of the District will not be incompatible with the capacity and uses of existing local and regional community development services and facilities, and that the area to be served by the District is amenable to separate special-district governance; and

WHEREAS, establishment of the District will constitute a timely, efficient, effective, responsive and economic way to deliver community development services in the area described in the Petition.

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF ST. JOHNS COUNTY, FLORIDA:

SECTION 1. The above RECITALS are adopted as Findings of Fact in support of this Ordinance.

SECTION 2. AUTHORITY. This ordinance is enacted in compliance with and pursuant to the Uniform Community Development District Act of 1980, Chapter 190, Florida Statutes (2005).

SECTION 3. DISTRICT NAME. There is hereby established a Community Development District situated entirely within the unincorporated limits of St. Johns County, Florida, which District shall be known as the "Glen St. Johns Community Development District".

SECTION 4. EXTERNAL BOUNDARIES OF THE DISTRICT. The external boundaries of the District are described in Exhibit A attached hereto and incorporated by reference, the overall parcel containing 365.93 acres, more or less. There are no out parcels excluded within the external boundaries.

SECTION 5. FUNCTIONS AND POWERS. The general powers and functions of the District are described in Chapter 190, Florida Statutes. The District is also authorized to exercise additional powers to finance, fund, plan, establish, acquire, construct, reconstruct, enlarge or extend, equip, operate and maintain systems and facilities for 1) parks and facilities for indoor and outdoor recreational, cultural and educational uses, as authorized and described in Section 190.012(2)(a), Florida Statutes (2005).

SECTION 6. BOARD OF SUPERVISORS. The five persons designated to serve as initial members of the District's Board of Supervisors are as follows: Robert S. Porter, Mark C. Dearing, Jan J. Doan, Bethany Prior and Linnette Knox. All of the above-styled persons are residents of the State of Florida and citizens of the United States of America.

SECTION 7. SEVERABILITY. If any provision of this ordinance or the application thereof is finally determined by court of competent jurisdiction to be illegal, invalid or unenforceable, such provisions shall be deemed to be severable and the remaining provisions shall continue in full force and effect provided that the illegal, invalid or unenforceable provision is not material to the logical and intended interpretation of this ordinance.

SECTION 8. EFFECTIVE DATE. This Ordinance shall take effect pursuant to Florida general law.

PASSED AND ENACTED BY THE BOARD OF COUNTY COMMISSIONERS OF ST. JOHNS COUNTY, FLORIDA, THIS 11th day of July, 2006.

BEFORE THE BOARD OF COUNTY COMMISSIONERS

PETITION TO ESTABLISH THE GLEN ST. JOHNS
COMMUNITY DEVELOPMENT DISTRICT

Petitioner, D.R. Horton, Inc. - Jacksonville, (hereafter "Petitioner"), hereby petitions the St. Johns County Board of County Commissioners pursuant to the "Uniform Community Development District Act of 1980," Chapter 190, Florida Statutes, to establish a Community Development District with respect to the land described herein. In support of this petition, Petitioner states:

1. Location and Size. The proposed District is located entirely in St. Johns County, Florida. **Exhibit 1** depicts the general location of the proposed District. The proposed District covers approximately 365.93 acres of land. It is located on a site, which is bordered on the west by Leo Maguire Parkway, south of CR-210, north of the Glen St. Johns Golf and Country Club, and bordered on the east by I-95. The metes and bounds description of the external boundaries of the District is set forth in **Exhibit 2**.

2. Excluded Parcels. There is no land within the external boundaries of the proposed District, which is to be excluded from the District.

3. Landowner Consent. Petitioner has obtained written consent to establish the District from the owners of one hundred percent of the real property located within the District. Documentation of this consent is contained in **Exhibit 3**.

4. Initial Board Members. The five persons designated to serve as initial members of the Board of Supervisors of the proposed District are as follows:

Name: Robert S. Porter
Address: 9456 Philips Highway, Suite 1
Jacksonville, FL 32256

Name: Mark C. Dearing
Address: 9456 Philips Highway, Suite 1
Jacksonville, FL 32256

Name: Jan J. Doan
Address: 9456 Philips Highway, Suite 1
Jacksonville, FL 32256

Name: Bethany Prior
Address: 9456 Philips Highway, Suite 1
Jacksonville, FL 32256

Name: Linnette Knox
Address: 9456 Philips Highway, Suite 1
Jacksonville, FL 32256

All of the above-listed persons are residents of the State of Florida and citizens of the United States of America.

5. Name. The proposed name of the District is the Glen St. Johns Community Development District.

6. Future Land Uses. The existing land use within the District is approved for development [and the land is currently under development in accordance with the County's Future Land Use Plan]. **Exhibit 4** shows the existing land uses within and adjacent to the proposed District. The future general distribution, location, and extent of the land uses proposed for the District by future land use plan element of the applicable Future Land Use Plan is identified on **Exhibit 5**. The proposed development within the District currently contemplates the construction of approximately 495 single-family residential units. Development is projected to occur over an estimated two year period. The proposed land uses for lands contained within the proposed District are consistent with the County's approved Future Land Use Plan.

7. Major Water and Wastewater Facilities and Outfalls. **Exhibit 6** shows the pre-development drainage patterns and existing and proposed major trunk water mains, sewer interceptors and outfalls, if any, for the lands to be included within the District.

8. District facilities and services. **Exhibit 7** identifies the type of facilities Petitioner presently expects the District to finance, construct, acquire or install, as well as the ultimate expected owner and entity responsible for maintenance. The estimated costs of these facilities are shown in **Exhibit 8**. At present, these improvements are estimated to be made, constructed

and installed in two phases over the time period from 2004 through 2006. Actual construction timetables and expenditures will likely vary, due in part to the effects of future changes in the economic conditions upon costs such as labor, services, materials, interest rates and market conditions.

9. Statement of Estimated Regulatory Costs. **Exhibit 9** is the statement of estimated regulatory costs ("SERC") prepared in accordance with the requirements of section 120.541, Florida Statutes. The SERC is based upon presently available data. The data and methodology used in preparing the SERC accompany it.

10. Authorized Agent. The Petitioner is authorized to do business in the State of Florida. The authorized agent for the Petitioner is Philip A. Fremento, whose address is 9456 Philips Highway, Suite 1, Jacksonville, FL 32256. See **Exhibit 10** - Authorization of Agent. Copies of all correspondence and official notices should also be sent to:

11. This petition to establish the Glen St. Johns Community Development District should be granted for the following reasons:

a. Establishment of the District and all land uses and services planned within the proposed District are not inconsistent with applicable elements or portions of the effective State Comprehensive Plan or the local Comprehensive Plan.

b. The area of land within the proposed District is part of a planned community. It is of a sufficient size and is sufficiently compact and contiguous to be developed as one functional and interrelated community.

c. The establishment of the District will prevent the general body of taxpayers in St. Johns County from bearing the burden for installation of the infrastructure and the maintenance of the above-described facilities within the development encompassed by the District. The

District is the best alternative for delivering community development services and facilities to the proposed community without imposing an additional burden on the general population of the local general-purpose government. Establishment of the District in conjunction with a comprehensively planned community, as proposed, allows for a more efficient use of resources.

d. The community development services and facilities of the District will not be incompatible with the capacity and use of existing local and regional community development services and facilities. In addition, the establishment of the District will provide a perpetual entity capable of making reasonable provisions for the operation and maintenance of the District services and facilities.

e. The area to be served by the proposed District is amenable to separate special-district government.

WHEREFORE, Petitioner respectfully requests the Board of County Commissioners of St. Johns County to:

- a. schedule a public hearing in accordance with the requirements of Section 190.005(2)(b), Florida Statutes (2005);
- b. grant the petition and adopt an ordinance establishing the District pursuant to Chapter 190, Florida Statutes;
- c. grant such other relief as appropriate.

RESPECTFULLY SUBMITTED, this 20th day of March, 2006.

Consent and Joinder of Landowners
for Establishment of a Community Development District

The undersigned is the owner of certain lands portions of which are more fully described in Exhibit A, attached hereto (the "Property").

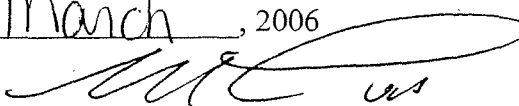

The undersigned understands and acknowledges that Petitioner intends to submit a petition to establish a Community Development District in accordance with the provisions of Chapter 190 of the Florida Statutes.

As an owner of lands which are intended to constitute the Community Development District, the undersigned understands and acknowledges that pursuant to the provisions of Section 190.005, Florida Statutes, the Petitioner is required to include the written consent to the establishment of the Community Development District of one hundred percent (100%) of the owners of the lands to be included within the Community Development District.

The undersigned hereby consents to the establishment of a Community Development District which will include the Property within the lands to be a part of the Community Development District and agrees to further execute any documentation necessary or convenient to evidence this consent and joinder during the application process for the establishment of the Community Development District.

The undersigned acknowledges that the consent will remain in full force and effect until the Community Development District is established or three years from the date hereof, which ever shall first occur. The undersigned further agrees that it will provide to the next purchaser or successor in interest of all or any portion of the Property a copy of this consent form and obtain, if requested by Petitioner, a consent to establishment of the Community Development District in substantially this form.

The undersigned hereby represents and warrants that it has taken all actions and obtained all consents necessary to duly authorize the execution of this consent and joinder by the officer executing this instrument.

GLEN ST. JOHNS COMMUNITY DEVELOPMENT DISTRICT
STATEMENT OF ESTIMATED REGULATORY COSTS

I. INTRODUCTION

1. PURPOSE AND SCOPE

This Statement of Estimated Regulatory Costs has been prepared as a component of the petition filed with the Board of County Commissioners of St. Johns County, Florida, to establish the Glen St. Johns Community Development District ("District") in accordance with Chapter 190.005, Florida Statutes ("F.S."). Specifically, Section 190.005(1) (a) 8, F.S., requires, as part of the petition, a Statement of Estimated Regulatory Costs prepared pursuant to Section 120.541 F.S.

A community development district ("CDD") is established under the Uniform Community Development District Act of 1980, Chapter 190 of the Florida Statutes, as amended (the "Act"). A CDD is a local unit of special-purpose government that is limited to the performance of those specialized functions authorized by the Act. Those specialized functions consist of the planning, financing, constructing and maintaining of certain public infrastructure improvements and community development services. As an independent special district, the CDD's governing body establishes its own budget and, within the scope of its authorized powers, operates independently of the local general-purpose governmental entity (i.e., the county or the city) whose boundaries include the CDD.

However, a CDD cannot regulate land use or issue development orders; those powers reside with the local general-purpose government. The Legislature has, in Section 190.004(3), F.S., made this clear by stating:

The establishment of an independent community development district as provided in this act is not a development order within the meaning of Chapter 380. All governmental planning, environmental, and land development laws, regulations, and rules apply to all development of the land within a community development district. Community development districts do not have the power of a local government to adopt a comprehensive plan, building code, or land development code, as those terms are defined in the Local Government Comprehensive Planning and Local Development Regulation Act. A district shall take no action which is inconsistent with applicable comprehensive plans, rules, or regulations of the applicable local general-purpose government.

GLEN ST. JOHNS COMMUNITY DEVELOPMENT DISTRICT
STATEMENT OF ESTIMATED REGULATORY COSTS

In addition, the parameters for the review and evaluation of community development district petitions are clearly set forth in Section 190.002(2) (d), F.S., as follows:

That the process of establishing such a district pursuant to uniform general law be fair and based only on factors material to managing and financing the service-delivery function of the district, so that any matter concerning permitting or planning of the development is not material or relevant.

Therefore, the scope of this Statement of Estimated Regulatory Costs is limited to an evaluation of those factors pertinent to the establishment of a CDD as defined by the Legislature and outlined in Section 120.541(2), F.S.

The purpose of Chapter 190, F.S. is to provide another tool to government and private landowners in their efforts to comply with comprehensive plans which require adequate public facilities and services as a pre-condition for future development. See Section 163.3177(10) (h) (the "concurrency" requirement), F.S.

The CDD is a special purpose unit of local government that is established for the purpose of providing an alternative mechanism for financing the construction of public infrastructure. A CDD must be structured to be financially independent as intended by the Legislature. The cost of any additional public improvements to be constructed or any additional services to be provided by the county as a result of this development will be incurred whether the infrastructure is financed through a CDD or any other alternative financing method. These costs have already been evaluated by all appropriate agencies during the approval process for the development. The annual operations and administrative costs of the CDD will be borne entirely by the District and will not require any subsidy from the State of Florida or St. Johns County, nor will it place any additional economic burden on those persons not residing within the District. It is currently estimated that these costs will range from \$600,000 to \$800,000 per year.

2. GLEN ST. JOHNS COMMUNITY DEVELOPMENT DISTRICT.

The proposed District will contain approximately 365.93 acres. The petitioner is seeking authority, as outlined in Section 190.012 F.S., for the District to finance, fund, plan, establish, acquire, construct or reconstruct, enlarge or extend, equip, operate and maintain systems, facilities and basic infrastructure that includes, but is

not limited to: water management and control, water supply, sewer, wastewater management, bridges or culverts, district roads and street lights, transportation facilities, parking improvements, environmental remediation and cleanup, conservation areas, parks and recreational facilities, or any other project, with or without the boundaries of the District, required by a development order issued by a local government or subject of an agreement between the District and a governmental entity.

If approved, the District will be authorized to finance these types of infrastructure improvements through special or non-ad valorem assessment revenue bonds. Repayment of these bonds will be through special or non-ad valorem assessments levied against all benefited properties within the District. On-going operation and maintenance for District owned facilities is expected to be funded through maintenance assessments levied against all benefited properties within the District. The summary of cost estimates and proposed infrastructure plan are listed on page 10 of this report.

II. STATUTORY ITEMS:

Section 120.541(2), F.S. (2002), defines the elements a Statement of Estimated Regulatory Costs must contain, as follows:

- (1) A good faith estimate of the number of individuals and entities likely to be required to comply with the ordinance, together with a general description of the types of individuals likely to be affected by the ordinance;
- (2) A good faith estimate of the cost to the agency, and to any other state and local government entities, of implementing and enforcing the proposed ordinance, and any anticipated effect on state and local revenues;
- (3) A good faith estimate of the transactional costs likely to be incurred by individuals and entities, including local government entities, required to comply with the requirements of the ordinance;
- (4) An analysis of the impact on small businesses as defined by Section 288.703, F.S. and an analysis of the impact on small counties and small cities as defined by Section 120.52, F.S.;

GLEN ST. JOHNS COMMUNITY DEVELOPMENT DISTRICT
STATEMENT OF ESTIMATED REGULATORY COSTS

(5) Any additional information that the agency determines may be useful.

The estimated regulatory impacts for the establishment of the District are summarized below.

1. **A GOOD FAITH ESTIMATE OF THE NUMBER OF INDIVIDUALS AND ENTITIES
LIKELY TO BE REQUIRED TO COMPLY WITH THE ORDINANCE, TOGETHER
WITH A GENERAL DESCRIPTION OF THE TYPES OF INDIVIDUALS LIKELY TO
BE AFFECTED BY THE ORDINANCE**

The individuals and entities likely to be required to comply with the ordinance or affected by the proposed action (i.e., adoption of the ordinance) can be categorized, as follows: A) The State of Florida and its residents, B) St. Johns County and its residents, C) current property owners and D) future property owners.

A. THE STATE OF FLORIDA

The State of Florida and its residents and general population will not incur any compliance costs related to the establishment and on-going administration of the District and will only be affected to the extent that the State incurs those nominal administrative costs outlined in Section 2. A. 2 below. The cost of any additional administrative services provided by the state as a result of this development will be incurred whether the infrastructure is financed through a CDD or any alternative financing method.

B. ST. JOHNS COUNTY

St. Johns County and its residents not residing within the boundaries of the District will not incur any compliance costs related to the on-going administration of the CDD other than any one-time administrative costs outlined in Section 2. A. 1 below. Once the District is established, these residents will not be affected by adoption of the ordinance. The cost of any additional administrative services provided by the county as a result of this development will be incurred whether the infrastructure is financed through a CDD or any alternative financing method.

C. CURRENT PROPERTY OWNERS

The current property owners of the lands within the boundaries of the proposed District will be affected by the proposed ordinance to the extent that the District issues debt for the construction of infrastructure and undertakes operation and

GLEN ST. JOHNS COMMUNITY DEVELOPMENT DISTRICT
STATEMENT OF ESTIMATED REGULATORY COSTS

maintenance responsibility for that infrastructure.

D. FUTURE PROPERTY OWNERS

The future property owners are those who will own property in the proposed District. These future property owners will be affected by the proposed ordinance to the extent that the District issues debt for the construction of infrastructure and undertakes operation and maintenance responsibility for that infrastructure.

2. **A GOOD FAITH ESTIMATE OF THE COST TO THE AGENCY, AND TO ANY OTHER STATE AND LOCAL ENTITIES, OF IMPLEMENTING AND ENFORCING THE PROPOSED ORDINANCE, AND ANY ANTICIPATED EFFECT ON STATE AND LOCAL REVENUES**

A. **COSTS TO GOVERNMENTAL AGENCIES OF IMPLEMENTING AND ENFORCING THE ORDINANCE**

1. St. Johns County (The "Agency")

Because the proposed CDD encompasses less than 1,000 acres, this petition is being submitted to St. Johns County (i.e., the "Agency" under Section 120.541(2), Florida Statutes) for approval in accordance with Section 190.005(2) Florida Statutes. The Agency may incur certain one-time administrative costs involved with the review of this petition.

Once the proposed District is established, St. Johns County will not incur any quantifiable on-going costs resulting from the on-going administration of the District. As previously stated, the CDD operates independently from the county and all administrative and operating costs incurred by the District relating to the financing and construction of infrastructure are borne entirely by the District. The proposed District will submit, for informational purposes, its annual budget, financial report, audit and public financing disclosures to the County. Since there are no legislative requirements for review or action, St. Johns County should not incur any costs. The Agency may, however, choose to review these documents. To offset these one-time administrative costs, the petitioner may have to submit a filing fee to St. Johns County.

GLEN ST. JOHNS COMMUNITY DEVELOPMENT DISTRICT
STATEMENT OF ESTIMATED REGULATORY COSTS

2. State of Florida

Once the District is established, the State of Florida will incur only nominal administrative costs to review the periodic reports required pursuant to Chapters 190 and 189, F.S. These reports include the annual financial report, annual audit and public financing disclosures. To offset these costs, the Legislature has established a maximum fee of \$175 per District per year to pay the costs incurred by the Special Districts Information Program to administer the reporting requirements of Chapter 189, F.S. Because the proposed District, as defined in Chapter 190, F.S., is designed to function as a self-sufficient special-purpose governmental entity, it is responsible for its own management. Therefore, except for the reporting requirements outlined above, or later established by law, no additional burden is placed on the State once the District has been established.

3. The District.

The proposed District will also incur costs for operations and maintenance of its facilities and for its administration. These costs will be completely paid for from annual assessments against all properties within the District benefiting from its facilities and its services.

B. IMPACT ON STATE AND LOCAL REVENUES

It is anticipated that approval of this petition will not have any negative effect on state revenues. There is however, the potential for an increase in state sales tax revenue resulting from a stimulated economy although it is not possible to estimate this increase with any degree of certainty. In addition, local ad valorem tax revenues may be increased due to long-lasting increases in property values resulting from the District's construction of infrastructure and on-going maintenance services. Similarly, private development within the District, which will be facilitated by the District's activities, should have a positive impact on property values and therefore ad valorem taxes.

In addition, impact fee and development permit revenue is expected to be generated by private development within the District and, accordingly, should also increase local revenues.

Lastly, some express a concern that a District obligation could become a state or county obligation thereby negatively affecting state or local revenues. This cannot

RIZZETTA & COMPANY
INCORPORATED

GLEN ST. JOHNS COMMUNITY DEVELOPMENT DISTRICT
STATEMENT OF ESTIMATED REGULATORY COSTS

occur as Chapter 190 specifically addresses this issue and expressly states: "It is further the purpose and intent of the Legislature that no debt or obligation of a district shall constitute a burden on any local general-purpose government without its consent." Section 190.002(3), F.S. "A default on the bonds or obligations of a district shall not constitute a debt or obligation of a local general-purpose government or the state. Section 190.016(15), F.S.

In summary, establishment of the proposed Glen St. Johns Community Development District will not create any significant economic costs for the State of Florida or for St. Johns County.

3. A GOOD FAITH ESTIMATE OF THE TRANSACTIONAL COSTS LIKELY TO BE INCURRED BY INDIVIDUALS AND ENTITIES, INCLUDING LOCAL GOVERNMENT ENTITIES, REQUIRED TO COMPLY WITH THE REQUIREMENTS OF THE ORDINANCE.

The transactional costs associated with adoption of an ordinance to establish the District are primarily related to the financing of infrastructure improvements. The District will determine what infrastructure it considers prudent to finance through the sale of bonds. Once the decision is made to issue bonds it is expected that assessments will be levied against benefited property owners within the proposed District. The revenue generated by payment of these assessments will be used to repay the bonds. The obligation to pay the assessments will "run with the land" and will be transferred to new property owners upon sale of any portions of the property.

To fund the cost of maintaining infrastructure that the District maintains, operation and maintenance assessments may be imposed on the District property owners. As with the special assessments for infrastructure acquisition and construction, the property owner will be responsible for payment of these assessments on the basis of the amount of benefited property owned.

All persons choosing to acquire property in the District will be responsible for such assessments in addition to the taxes or assessments imposed by St. Johns County or other taxing authorities.

In exchange for the payment of these special assessments, there are potential benefits to be derived by the future property owners. Specifically, these persons can expect to receive a higher level of services because they, the property owners, will elect the members of the Districts' Board of Supervisors. Further, the District is limited in

GLEN ST. JOHNS COMMUNITY DEVELOPMENT DISTRICT
STATEMENT OF ESTIMATED REGULATORY COSTS

jurisdiction and responsibility to this single development. Therefore, the District should be extremely responsive to the needs of the property owners within the District.

4. AN ANALYSIS OF THE IMPACT ON SMALL BUSINESSES AS DEFINED BY SECTION 288.703, F.S., AND AN ANALYSIS OF THE IMPACT ON SMALL COUNTIES AND SMALL CITIES AS DEFINED BY SECTION 120.52 F.S.

Establishment of the proposed District should not have any negative impact on small businesses. Any business, large or small, has the option of locating in a community development district provided the local governmental authority has issued the appropriate land use approvals. Those that choose this option will be subjected to the financial obligations imposed by the District and will accrue the benefits resulting from being in the District.

Furthermore, the District must operate according to Florida's "Sunshine" laws and must follow certain competitive bidding requirements for certain goods and services it will purchase. As a result, small businesses should be better able to compete for District business serving the lands to be included within the District.

A CDD does not discriminate in terms of the size of businesses that can be located within the boundaries or transact business with the District.

Establishment of the District should have a positive impact on the small businesses of the local economy. As outlined above, success of the development should generate increased employment and stimulate economic activity in the area through increased construction expenditures related to infrastructure and private development, thus providing enhanced opportunity for small businesses.

St. Johns County is not defined as a small county for purposes of this requirement.

In addition, establishment of a CDD should not have a negative impact on small cities or counties, because the cost to construct the infrastructure is borne entirely by the property owners within the District.
